Conference Theme

To bring together Researchers, Scientists, Engineers, Scholars and Students in the areas of Computer Science and to provide a platform for the dissemination of original research results and new innovative ideas for the benefit of research community and to promote research & development activities, professional interaction. The conference will boost excellent innovations in terms of day to day life and academics.

About the College

Holy Mary Institute of Technology & Science was established in the year 2001 by the Holy Trinity Educational Society at Bogaram (V), Keesara (M), Medchal District. It is promoted by the well known Educationalist and Philanthropists Dr. Arimanda Vara Prasad Reddy, Honorable Chairman, Smt A. Vijaya Sarada Reddy, Honorable Secretary and Sri A. Siddhartha Reddy, Honorable Vice Chairman. Dr. P. Bhaskara Reddy is our Principal. The College of Engineering has well equipped laboratories, library, fully furnished class rooms, staff rooms, dedicated faculty and other facilities like English Language lab and Internet lab with high capacity leased line for Internet. An exclusive office named International Students Cell (ISC) is developed for admissions and guidance of International students. Holy Mary is partnered with International Accreditation Council of Quality Education and Research (IACQER), an organization that encourages in R & D activities.

The College is approved by the All India Council for Technical Education, New Delhi and Accredited by NAAC and is permanently affiliated to JNTU, Hyderabad. Today HITS has grown in leaps and bounds and it is no wonder that HITS has become cynosure of the eyes of many, hankering for the distinguished center of technological learning.

About CSE Department

The Department of Computer Science & Engineering was established in the academic year 2001-2002 with an intake of 60 seats in the Bachelor course of Computer Science & Engineering (CSE). The intake for the Bachelor course of Computer Science & Engineering was increased to 120 seats in the year 2006.

The Department started two Masters Courses of Computer Science & Engineering with intake of 18 seats in the year 2007 and Computer Networks and Information Security with intake of 18 seats in the year 2008. The intake for Masters in Computer Science & Engineering was increased to 54 seats in the year 2011.

The Department is among the well established departments that have state of the art equipment along with the Laboratories that consist of around 800 computers, where logical reasoning is the main focus in all practical works.

With the expertise of well qualified, experienced and talented faculty the Department is in practice of its unique mode of learning environment in which the use of advanced teaching aids is a common sight. All computer Laboratories consist of Computer systems with latest configurations and are networked with high-end servers that are fully loaded with licensed software par with present IT industry. The internet connection is provided through a leased line of 100 mbps in the Institute.
