### ABOUT HOLY MARY GROUP OF INSTITUTIONS:

Holy Mary Institute of Technology & Science (HITS) is the brain child of the clairvoyant Dr. Arimanda Vara Prasad Reddy. It is one of the best engineering colleges for aspiring engineering students. HITS was established in 100 Acres with a single minded aim to provide a perfect platform to students in the field of engineering, technology for their academic and overall personality development.

The college is approved by the All India Council for Technical Education (AICTE), New Delhi and is affiliated to JNT University, Hyderabad. HITS is offering five under graduate courses in CIVIL, ECE, EEE, CSE and MECH and post graduate courses in ME, CSE, ECE, EEE and Civil Engineering.

Today HITS has grown in leaps and bounds and it is no wonder that HITS has become cynosure of the eyes of many, hankering for the distinguished center of technological learning. This is achieved by providing excellent academic environment and excellent infrastructure with the help of dedicated & highly qualified faculty members. State of art infrastructure, includes labs with high quality equipment, rich collection of Library Books.

### ABOUT THE MECHANICAL ENGINEERING:

Department of Mechanical Engineering at Holy Mary Institute of Technology & Science was established in the year 2004 with sanctioned intake of 60. Gradually it increased to 120 upon strengthening of the superior facilities such as qualified faculty with sophisticated and advanced lab facilities.
