

THE CIVIL NEWSLETTER

Department of Civil Engineering

The Department of Civil Engineering at Holy Mary Institute of Technology & Science was established in the year 2011. B. Tech(Civil) Program was duly approved by the AICTE and Government of Andhra Pradesh and affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad. It has intake capacity of 120 students. All the laboratories are well established with state of the advanced equipment. The department has highly qualified and experienced faculty and technical staff. An innovative teaching

Prof. (Dr).P.Bhaskar Reddy

Principal

To my mind an Educational Institute is not just about four walls with bricks, mortar and concrete, but about building characters, enriching minds and developing confidence towards above motivation. Every effort is pursued to identify the functional gaps between Holy Mary Institute of Technology & Science and the Premier Institutions of the country like IITs and NITs so as to narrow the gaps as soon as possible.

From the Editorial Board

In selecting content, the editor works in consultation with the staff and with other members of the College community with several factors in mind, including:

- A respect and concern for the institution's history, mission and values;
- A commitment to providing balanced and timely coverage of issues;
- A concern for maintaining the institution's commitment to open discourse;
- A concern for readability and attractiveness of presentation.

The editor welcomes suggestions concerning content but can make no assurances regarding the use of suggested or provided material. Although no single issue of the magazine can fully reflect the diversity of the College and its family, the editor will make every effort to represent, over the course of time, the great diversity of interest, opinion, and background inherent in the newsletter's readership.

Swacchata Pakhwada-2018

(Green campus day)

SWACCHATA PAKHWADA-2018 Green campus day Was organised by Civil department in the Month of August. All students from Civil Department are participated in this programme

Swachh Bharat & Summer Internship Programme-2018

To support Prime Minister Narendra Modi's initiative called 'Swachh Bharat Abhiyan, also known as the 'Clean India Movement' second Year students of Civil Department went to villages to create the awareness on Swachh Bharath programme.

Independence day

Independence day was celebrated On 15th Aug 2018 with great enthusiasm and respect at HITS campus. The ceremony started at 9.30 AM in the college open ground with large crowd of staff, students and parents.

Flag hoisting by our Honorable Chairman Dr.A.Varaprasad Reddy Garu & Secretary Dr A.Vijaya Sharada Reddy Director of HITS Dr.P.Bhaskara Reddy addressing the gathering on the occasion of 15th AUG-2018

Student orientation day

Student orientation day is a period of time at the beginning of the academic year at a college or other tertiary institution during which a variety of events are held to orient and welcome new students. It is conducted on Aug 2018

Honorable Chairman sir his Motivational speech to the 1st Year Students

This programme will be a unique blend of learning, fun and realization. The aim of this programme is to provide a smooth transition for the students into the new environment of the Institute. It will not just be for the students, but for the parents as well

Felicitating the Guests from Honorable Chairman sir.

ETV Plus STUDENT No 1 program

A lot of people like watching ETV programmes on TV to get informed. The ETV Plus has conducted Student no 1 event in Hits campus. Stories presented can be related to economics, politics, sport, society or culture, among other topics. Both presenters and reporters tell the audience about them following

Various events such as Indian & western Group dance, Solo dance, Ramp Walk, Games music, Indian & Western Solo singing, Duet singing were held at different venues simultaneously Between Seniors & Juniors.

Prizes Distributed by Dean of Academics
Dr.K.V.Murali Mohan

Vision

- To build young Technocrats by imparting their technical knowledge in the field of Civil Engineering,

Mission

- To provide a knowledge base of emerging technologies in all the areas of civil engineering.
- Continuously improve upon academic and systems and creating an atmosphere conducive to learning in order to maximize the number of students securing University Ranks and Higher studies.
- To contribute for the society by producing qualitative civil engineering graduates and also by conducting service oriented training and development programmes.

Program Educational Objective

PEO 1:

To prepare the students for entry into successful employment as software engineers in industry, service, consulting and/or government organizations or for advanced study at leading graduate schools in engineering, business, management or other technical or non-technical fields.

PEO 2:

To encourage teamwork skills among the students to design and implement complex software systems, particularly the ability to work with people from other fields in integrated engineering teams and develop the leadership skills for maximizing the performance of those teams.

PEO 3:

To offer a curriculum that encourages students to become broadly educated engineers and to equip with the attitudes and skills to foster learning themselves for life long, an ability to communicate effectively with various audiences and function as responsible member of the global society.
