

THE ECE NEWS LETTER

Department of Electronics and Communication
Engineering

The department of Electronics and Communication Engineering was established in the year 2001. It has intake capacity of 240 students. All the laboratories are well established with state of the art equipment. The department has highly qualified and experienced faculty and technical staff. An innovative teaching and learning process is implemented in imparting quality education to the students which includes conduct of workshops, seminars, industrial tours, expert lectures and various extracurricular activities. An extra laboratory over and above the JNTUH syllabus namely Advanced Technology Lab is introduced.

From the Editorial Board

You can't add any more hours to your day so learning to manage your time more effectively will help you plan your work more efficiently and ensure deadlines are met. Managing time effectively is a particularly crucial ingredient in successful projects. It is important to manage both your personal and professional lives because as much as you try to keep them separate they cannot help but infringe upon one another. Managing your own time will not only benefit you but those around you as well.

The busy man only can manage to do many things, which seem to be beyond the reach of ordinary persons. The life of great leaders teaches us one lesson. They have to do many things in spite of their busy schedule. The secret therefore lies in scientific management of time. When a person says that he has no time, what he really means is that he is unable to manage his time properly. The idea of time management has been in existence for more than 100 years. The term time management should not be misunderstood as time can be managed. In fact time can't be managed. By time management what we mean is we need to manage ourselves according to the time.

Time management is actually self-management. The skills that we need to manage others are the same skills that are required to manage ourselves. Namely, the ability to plan, organizes, direct and control.

Department of Electronics and Communication Engineering

FACULTY WORKSHOPS

Sl No	Name of the Faculty	Event	Event Name	Date/s of the Program	Place
1	Mr. Y David Solomon Raju	FDP	Signal Processing, Communications and Computer Vision System Design using MATLAB	02/03/2015 to 14/03/2015	MLR Institute of Technology
2	Mr. K Jail Singh	FDP	Signal Processing, Communications and Computer Vision System Design using MATLAB	02/03/2015 to 14/03/2015	MLR Institute of Technology
3	Mrs. N.Sreelatha	FDP	Signal Processing, Communications and Computer Vision System Design using MATLAB	02/03/2015 to 14/03/2015	MLR Institute of Technology
4	Ch. Ananda Kumar	FUP	Digital System Design using Verilog HDL	05/05/2015 to 09/05/2015	CDAC, Hyderabad

FACULTY PUBLICATIONS

INTERNATIONAL JOURNAL

- **Mrs. M Sandhya Rani & Ms Modi Grace Priscilla** has published a paper entitled "Implementation performance of mobile WIMAX for various propagation models" at International Institute of Advanced Engineering, Management and Science (IIAEMS) in the month of May 2015.

STUDENT ACHIEVEMENT

1. **Ms. P.Mrudula & Rai Sai Spana** has won the **1st prize** in Paper presentation during the college Fest.
2. **Ms. K.sambhitha & N.Nandini** has won the **2nd prize** in Paper presentation during the college Fest

Department Activities

Arohana 2K15 batch

3rd year ECE of HITS college organized farewell party "Arohana 2K15" in the college auditorium where students 3rd year ECE bid farewell to the outgoing students of 4th year ECE with great enthusiasm and off course nostalgia. Function began with a floral welcome of Chief Guest.

Then the programme has started by our traditional auspicious lighting the lamp by our dignitars.

Hod of ECE Mr .K.V.Murali mohan addressing the gathering.

Speech by Assoc.Prof. Mr.Y.D.Solomon raj

3rd year students cultural activities.

4th year students after the party. some memorable moments.

Sports FEST

College Sports events are some of the most happening events in the city. The ELLYSIUM 2015 the annual sports fest organized by Holy Mary Group of Institution.

The college Chairman Mr. A.Vara Prasad Reddy & the principal Prof N. Subhash Chandra, presided over the function. The sports fest was attended more that 500 students.

Winners of the Kho- Kho game

Runners of the cricket

Various such as cricket, basket ball, volley ball, kho-kho were held at different venues simultaneously.

Winners of the volley ball game.

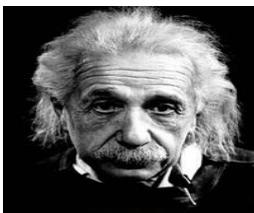

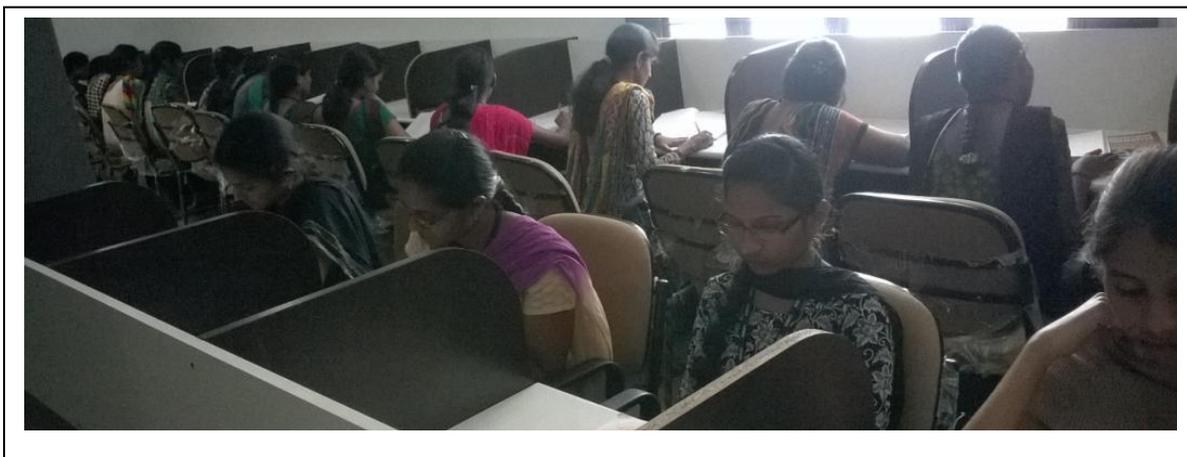

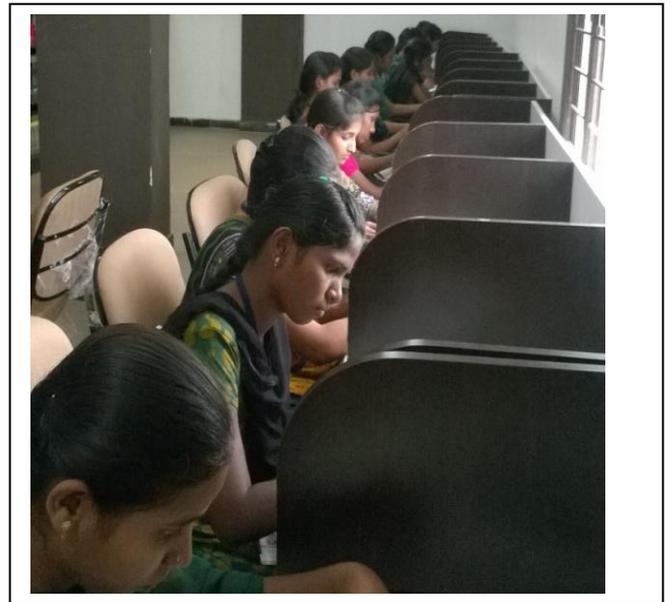

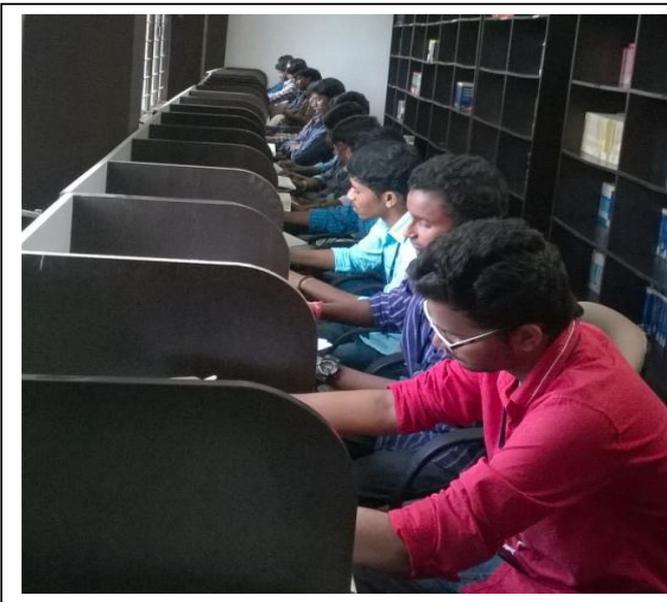

There were more than 150 registered participants for all the above events.

The grand sports event is held each year keeping in view the to instill the spirit of Sportsmanship and healthy competitive attitude among the students.

Library

The students of Electronics and Communications are utilizing Library Hours regularly in every week.

“The only thing that you absolutely have to know, is the location of the library.”

— Albert Einstein

Electronics and Communication Engineering Vision and Mission

Vision

- To be a world leader and renowned for Electronics & Communication Engineering and research.

Mission

- To educate graduates in the basic principles underlying the field of Electronics & Communication Engineering and train our students to think independently in terms to master systematic approach to problem solving and to have a keen awareness of the role of engineering in the modern society.

Program Educational Objectives

- To prepare the students for entry into successful employment as Electronics & Communication engineers in service, consulting, and/or government organizations or for advanced study at leading graduate schools in engineering, business, management, or other technical or non-technical fields.
- To inculcate teamwork skills among the students to design and implement complex Electronics & Communication systems, particularly the ability to work with people from other fields in integrated engineering teams and develop the leadership skills for maximizing the performance of those teams.
- To offer a curriculum that encourages students to become broadly educated engineers and to equip with the attitudes and skills to foster learning themselves for life long, an ability to communicate effectively with various audiences and function as responsible member of the global society.
