

THE ECE NEWS LETTER

Department of Electronics and Communication
Engineering

The department of Electronics and Communication Engineering was established in the year 2001. It has intake capacity of 240 students. All the laboratories are well established with state of the art equipment. The department has highly qualified and experienced faculty and technical staff. An innovative teaching and learning process is implemented in imparting quality education to the students which includes conduct of workshops, seminars, industrial tours, expert lectures and various extracurricular activities. An extra laboratory over and above the JNTUH syllabus namely Advanced Technology Lab is introduced.

Prof K.V. Murali Mohan
HEAD OF THE DEPARTMENT

Student co-ordinators

Mr. Abhishek 4th year
N. nandini 4th year
Madhavi 3rd year
Sai teja 3rd year

From the Editorial Board

You can't add any more hours to your day so learning to manage your time more effectively will help you plan your work more efficiently and ensure deadlines are met. Managing time effectively is a particularly crucial ingredient in successful projects. It is important to manage both your personal and professional lives because as much as you try to keep them separate they cannot help but infringe upon one another. Managing your own time will not only benefit you but those around you as well.

The busy man only can manage to do many things, which seem to be beyond the reach of ordinary persons. The life of great leaders teaches us one lesson. They have to do many things in spite of their busy schedule. The secret therefore lies in scientific management of time. When a person says that he has no time, what he really means is that he is unable to manage his time properly. The idea of time management has been in existence for more than 100 years. The term time management should not be misunderstood as time can be managed. In fact time can't be managed. By time management what we mean is we need to manage ourselves according to the time.

Department of Electronics and Communication Engineering

FACULTY ACHIEVEMENT

- **Mrs D. Padmashri** Asst. Prof of ECE dept, is registered her Ph.D course in Sri Satya Sai University, Bhopal , Sehere in the month of MARCH 2017.

Student Achievement

Sl No	Name of the Student	Event	Title	Month/Year	Venue
1	S.Bhanu chander	Youth Meet	Safe water for future	20/3/2017 to 21/3/2017	Malla reddy Engg college
2	M.Sai Chandu	Youth Meet	Safe water for future	20/3/2017 to 21/3/2017	Malla reddy Engg college
3	M.Anusha	Youth Meet	Safe water for future	20/3/2017 to 21/3/2017	Malla reddy Engg college
4	M.Sushmita	Youth Meet	Safe water for future	20/3/2017 to 21/3/2017	Malla reddy Engg college
5	B.Samapth	Youth Meet	Safe water for future	20/3/2017 to 21/3/2017	Malla reddy Engg college
6	J.Ramu	Youth Meet	Safe water for future	20/3/2017 to 21/3/2017	Malla reddy Engg college
7	B.Prakash	Youth Meet	Safe water for future	20/3/2017 to 21/3/2017	Malla reddy Engg college
8	P.Sandhya	NSS Camp	NSS Self Defence Camp	04/4/2017 to 09/4/2017	HITS College
9	E.Niharika	NSS Camp	NSS Self Defence Camp	04/4/2017 to 09/4/2017	HITS College
10	S.Sirisha	NSS Camp	NSS Self Defence Camp	04/4/2017 to 09/4/2017	HITS College

Electronics and Communication Engineering

Vision and Mission

Vision

- To be a world leader and renowned for Electronics & Communication Engineering and research.

Mission

- To educate graduates in the basic principles underlying the field of Electronics & Communication Engineering and train our students to think independently in terms to master systematic approach to problem solving and to have a keen awareness of the role of engineering in the modern society.

Program Educational Objectives

- To prepare the students for entry into successful employment as Electronics & Communication engineers in service, consulting, and/or government organizations or for advanced study at leading graduate schools in engineering, business, management, or other technical or non-technical fields.
- To inculcate teamwork skills among the students to design and implement complex Electronics & Communication systems, particularly the ability to work with people from other fields in integrated engineering teams and develop the leadership skills for maximizing the performance of those teams.
- To offer a curriculum that encourages students to become broadly educated engineers and to equip with the attitudes and skills to foster learning themselves for life long, an ability to communicate effectively with various audiences and function as responsible member of the global society.
